TECHNICAL INFORMATION

Preparation date:
26/09/2008

Revision date:
7/04/2020

Product name: APP SF PLASTIC Care
Plastics and rubber care and maintenance silicone-free preparation

Packaging: 1.0 L; 5.0 L.

Colour: colourless

Density: 0.79 g/cm³

Odour: fruit

Application: vehicle's plastic exterior and interior components, tyres, mouldings, bumpers, dashboard housing, cockpit, door sides and faux leather parts. It adds a fine shine to the components, creating a water and dirt-repellent layer. The product is silicone-free and can be used in paint shops.

Instructions for use: apply to pre-cleaned surfaces with sprayer or soft cloth and rub in lightly. The applied product has a short drying period.

The above information is in line with the current state of knowledge of our products and their possible applications. This does not guarantee specific properties or suitability for use under specific conditions. Follow the notes and warnings on the product labels and the MSDS. We assume no responsibility if the final result of the work was affected by factors beyond our control.
