

# APP Poly Plast Softer

## Universal putty

APP Nr 010550, 010551, 010552

**APP Poly Plast Softer** - Universal two-component, polyester filling putty with excellent finishing properties. Designed for filling dents and surface irregularities during car body repair and refinishing. It is characterised by high elasticity and mechanical resistance.

It has very good adhesion to many substrates: steel, galvanised steel sheet, aluminium, glass fibre reinforced polyester products, two-component fillers, polyester laminates and old OEM coatings.
