

APP Modular Special Base 80-96

Color additive Liquid Aluminum

APP No. 0260096

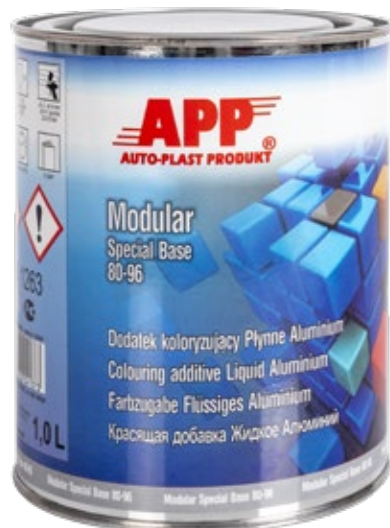

Color additive **Liquid Aluminum** with the effect of very fine silver grain, included in base formulas in the **APP Modular Special Base** coloring system.

Due to its characteristics, the aluminum grains lay very flat, and we can get a polished aluminum effect.

APP Modular Special Base 80-96

Color additive Liquid Aluminum

BEFORE

AFTER

It can be used to paint e.g.
aluminum wheels, moldings, caps, and other accessories.

The Liquid Aluminum additive is applicable to silver, gray, graphite formulations, such as Mazda 46G, etc.

It is possible to mix the additive with other pigments in the system APP Modular Special Base and with the additives:

Magic Mist, Colour Ink, Interior Converter 80-04, shading resin 80-01.

The product is ready for use after thorough mixing.

It may also be diluted with APP Modular Special Base Thinner.

The product supplements the offer for APP Modular mixer users.

PRODUCT CHARACTERISTICS
