

2CLEAN MF

Microfibre cloth

APP for AD 2Clean MF is a seamless microfibre cloth in a grey colour. It is ideal for finishing work after polishing. It works great in combination with isopropyl alcohol. The cloth is made of a material with a short weave of bristles, ensuring effective work without streaks or scratches. With its large surface area and high quality, APP for AD 2Clean MF has excellent absorption properties and works well wherever absolute smoothness is required.

Note: Machine or hand wash at a maximum temperature of 40°C without softeners.

Technical data: weight 350 g/m², material 70% polyester, 30% polyamide, 40 x 40 cm.

ADVANTAGES:

- SEAMLESS DESIGN
- SHORT BRISTLE WEAVE
- GRAMMAGE 350G/M²
- CAN BE WASHED BY HAND OR MACHINE
- EXCELLENT ABSORPTION PROPERTIES
