

ROLL MF

Microfibre cloths on roll

APP for AD Roll MF - 50 multi-purpose microfibre cloths with dimensions of 30 x 30 cm and a weight of 280 g/m². A roll of 15 linear meters with perforation every 30 cm, allowing you to easily adjust the size as needed and for convenience of use. Designed for work both inside and outside the car. They will be useful when lapping protective coatings, polishing, lapping waxes or when cleaning. They are made of very durable materials: 80% polyester and 20% polyamide. The cloth is single-use for demanding work with the possibility of multiple use for less demanding applications. Can be washed at 40°C. They are also ideal for household, office, garage, industry or beauty salon. They will assist in absorbing spills, wiping surfaces, removing dust and dirt. Microfiber cloths are characterized by much better absorption of dirt and dust than their cotton equivalents. The product features an excellent price-to-quality ratio of the product.

ADVANTAGES:

- HIGH GRAMMAGE – 280 g/m²
