

APP for AD

AiO

One Step Polishing Compound

APP for AD AiO is a versatile compound designed for fast, effective surface finishing in a single step. It combines the properties of a cutting compound and a finishing polish, allowing you to remove minor imperfections, reduce scratches and restore gloss to the surface at the same time.

The APP for AD AiO formula was developed to make the job as simple as possible – with no need for several different products. The compound spreads easily, offers good control during polishing and leaves the surface smooth and visibly refreshed.

ADVANTAGES:

- COMBINES CORRECTION AND FINISHING IN ONE STEP
- REMOVES MINOR TO MODERATE PAINT DEFECTS
- IMPROVES SURFACE GLOSS AND CLARITY
- LEAVES A SMOOTH, ATTRACTIVE FINISH
- REDUCES THE NEED FOR MULTIPLE COMPOUNDS
- IDEAL FOR QUICK PAINT CORRECTION AND REFRESHING
