

APP No. 090419

APP Work CT is a two-ply technical cleaning cloth, made from 100% pure cellulose, with low dust emission and enhanced mechanical strength. It absorbs all liquids of varying viscosities very quickly. The perforations allow sections of a uniform length of 25 cm to be torn off. It leaves no streaks or scratches on the surface.

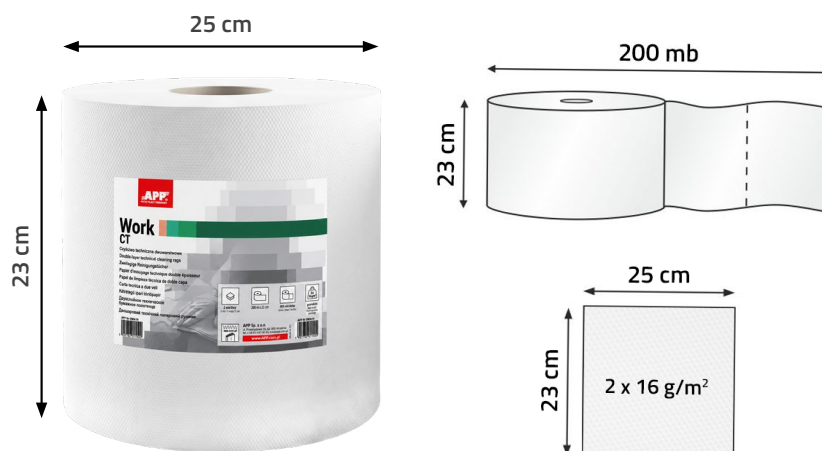

APPLICATION:

- Paint shops
- Mechanical workshops
- Car washes
- Car care
- Beauty industry
- HoReCa sector
