

NTools PWW 400

Pneumatic cartridge gun with a telescopic piston for 290ml and 310ml cartridges and 400ml sachets

APP No. 110505N

NTools PWW 400

Pneumatic gun purposed for aluminium cartridge and sachet including one-component products and silicone used during works related to manufacture and installation, of door and window, as well as repairs or motor vehicles.

It delivers an original texture (shell related) of sprayed sealing for joints and welded seams. With the gun you can deliver also dashed plaster texture and apply with high precision any sealing available in cartridge volume max. 310 ml or sachet 400 ml.

Spraying or application of one-component products and silicones.

Smooth regulation of speed and dosing amount

Compatible with cartridges and sachets.

max 310 ml

max 400 ml

NTools PWW 400

Pneumatic cartridge gun with a telescopic piston for 290ml and 310ml cartridges and 400ml sachets

Design:

NTools

1 Removable nozzles

for multiple spray textures

2 Compact construction

casing for optimal work comfort.

3 Telescopic piston

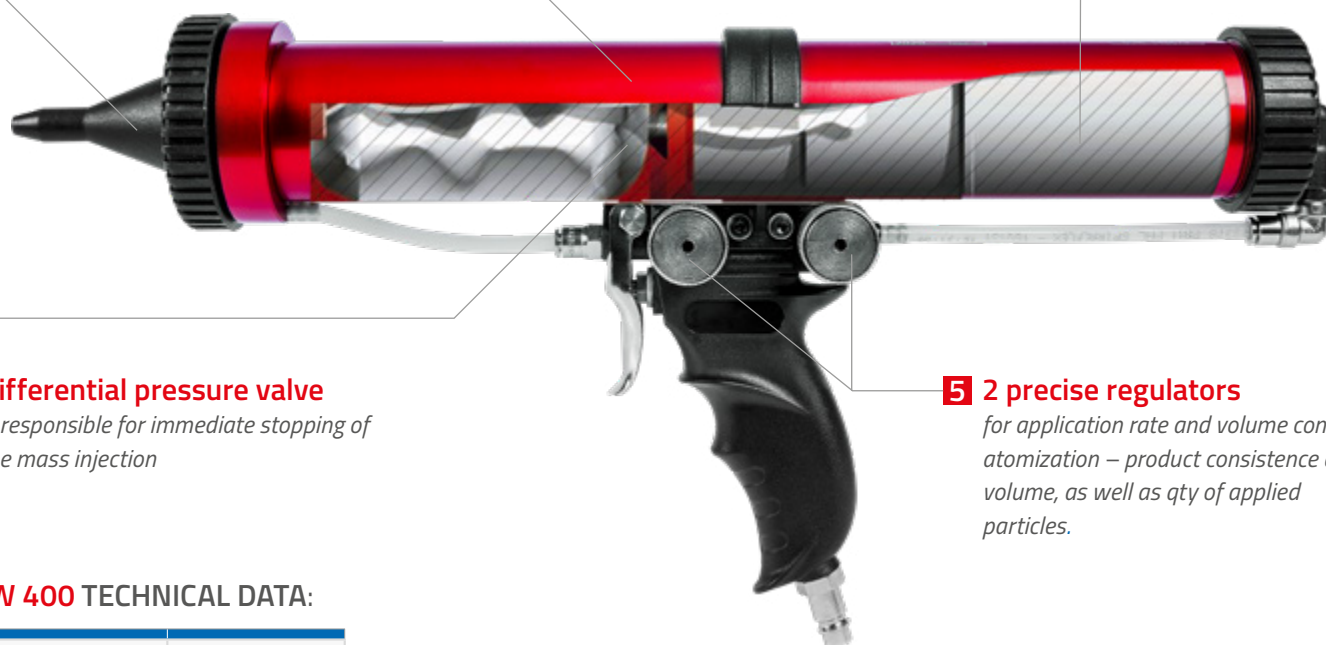

for precise application.

4 Differential pressure valve

is responsible for immediate stopping of the mass injection

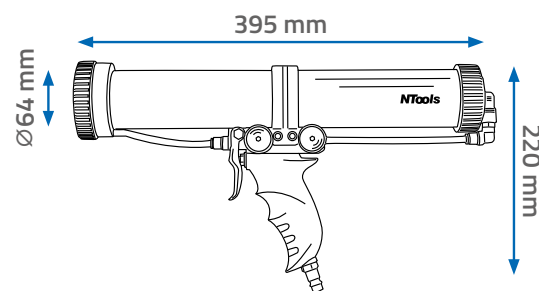

5 2 precise regulators

for application rate and volume control atomization – product consistence and volume, as well as qty of applied particles.

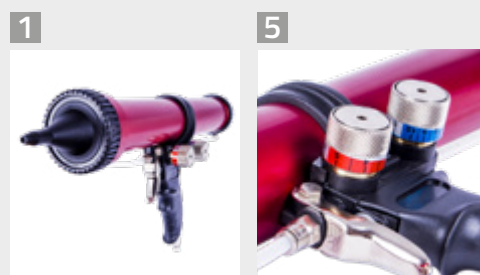

PWW 400 TECHNICAL DATA:

Index	110505N
Working pressure	6-8 bar
Max. pressure	10 bar
Air consumption	220 L/min
Compressed air quick-coupling	EURO DN 7,2 standard profile
Noise level	70 dB(A)
Length	395 x 220 mm
Dia.	64 mm
Mass	1.24 kg

SET INCLUDES:

- 1) Pneumatic gun.
- 2) Nylon sachet sealing tip.
- 3) Sachet adapter.
- 4) Cartridge locking ring.
- 5) External short nozzle (Volkswagen type).
- 6) External long nozzle (Renault type).
- 7) Internal nozzle (cartridge dedicated).
