

APP No. 126035

The NTools DAP MINI 12B cordless polisher is a dual action tool with a 12 mm stroke and a 75 mm backing pad, designed for uncompromising precision in paint correction and detailing work. With no troublesome cables and a brushless motor, this machine redefines mobility and ergonomics, becoming an indispensable part of every workshop's equipment.

FEATURES:

No cable restrictions thanks to battery power.

12 mm stroke: fast and effective paint correction.

5-step speed control with soft start.

Low vibration and light weight (0.85 kg without battery).

The CE marking confirms the polisher's compliance with European Union requirements.

DAP MINI 12B

Cordless Dual Action Polisher

Construction:

NTools

1 Solid, ergonomic, well-balanced body

- ensures comfort while polishing.

2 Rubberised housing elements

- improve grip during polishing and protect the body from damage.

3 5-step speed controller

- lets you adjust the speed during operation.

4 High-quality backing pad

- 75 mm diameter,
hook-and-loop
- M6 screw mounting

5 Two 2000 mAh / 12 V batteries included

- ensure mobility and improve working comfort.

TECHNICAL DATA:

Type	Dual Action
Rotational speed	2500-6100 rpm
Stroke	12 mm
Backing pad diameter	75 mm
Motor type	brushless
Battery capacity included	2 x 2.0 Ah

Every polisher has a
UNIQUE SERIAL NUMBER

located on the
rating plate.

DAP MINI 12B

Cordless Dual Action Polisher

KIT CONTENTS:

- NTools DAP MINI 12B Dual Action polisher
- 2 × Li-Ion battery 12 V, 2.0 Ah
- mains charger
- 75 mm hook-and-loop backing pad
- service wrench for quick assembly
- user manual
- carrying case for easy storage and mobile work

APPLICATIONS:

INDUSTRIES			
REFINISHING	CAR DETAILING	FURNITURE MAKING	BOAT BUILDING

ADVANTAGES

+ FAST DEFECT REMOVAL – the combination of random orbital motion and a 12 mm stroke enables highly effective removal of scratches and holograms.	+ FULL SPEED CONTROL – an electronic 5-step speed control module allows precise adjustment across a wide range from 2500 to 6100 rpm.	+ PRECISE SOFT START – the electronically controlled soft start smoothly accelerates the machine from zero to the set speed, which is indispensable for precision polishing.
+ PERFECT IN HARD-TO-REACH AREAS – the combination of an optimal 12 mm stroke and a 75 mm backing pad allows safe paint correction on complex-shaped parts such as body lines, bumpers, sills, spoilers and recesses.	+ MAXIMUM RUN TIME – two efficient lithium-ion batteries allow continuous work (up to 45 minutes per battery), while built-in LED indicators let you monitor the charge level at all times, eliminating unplanned downtime.	+ UNCOMPROMISED MOBILITY – battery power ensures complete independence from power sockets and tangled cables, improving safety and ergonomics.

DAP MINI 12B

Cordless Dual Action Polisher

Additional accessories:

Two 12 V lithium-ion batteries are available for the DAP MINI 12B cordless polisher, allowing you to match the power supply to your individual needs.

NTools BNM 2000 (2000 mAh) stands out for its compact design and lower weight, which improve the tool's handling and comfort during precision polishing. Durable latches ensure secure attachment and quick battery replacement.

NTools BND 4000 (4000 mAh) provides longer run time per charge, making it ideal for longer and more demanding polishing jobs. Its solid construction and stable power supply support reliable operation in workshop conditions.
