Height-adjustable mobile workshop seat

APP Nr 170511

NTools MSW 130 is a mobile workshop seat with pneumatic height adjustment. The metal structure is set on 5 swivel castors and there is an area under the seat for any type of spanner or tool. The entire structure is protected by an anti-corrosive lacquer coating.

NTools MSW 130 has a soft sponge to cushion the pressure when sitting down. The seat is practical and useful in any bodyshop, body shop or mechanical workshop. It can be used for a wide variety of work and workshop activities. The seat is practical and useful for all bodyshops and mechanics.

NTools MSW 130

Height-adjustable mobile workshop seat

TECHNICAL DATA:

Seat width	29 cm
Width of tool shelf	38 cm
Adjustable seat height	39 – 50 cm
Maximum load capacity	130 kg

ADVANTAGES

ADJUSTABLE SEAT HEIGHT

allows customisation and comfortable working at different levels.

MOBILITY THANKS

TO 5 SWIVEL CASTORS

easy movement around the workshop without the need to stand up.

BUILT-IN TOOL SHELF

provides quick access to the most necessary tools and accessories.

COMFORTABLE SEAT

with soft foam - increases working comfort, even over extended periods of time.

ROBUST DESIGN AND LOAD CAPACITY OF UP TO 130 KG

guarantees durability and reliability during intensive use.

CORROSION RESISTANCE

thanks to its lacquered coating, the seat will prove its worth even in tough workshop conditions.
