

## APP No. 170551, 170552

**NTools TPR Caster** is a transport wheel, swivel wheel with M8x40 mounting. The use of two ball bearings (thrust and radial) and the solidly constructed steel housing, allow the wheel to turn freely and manoeuvre freely without the use of additional force. This improves directional stability. The rubberised tread is made of TPR - thermoplastic rubber. This material reduces the rolling noise to a minimum without leaving marks on the surface.

**TPR Caster B100 wheel** is equipped with a double brake - longitudinal and transverse.

## TECHNICAL DATA:

Wheel diameter	100 mm
Tread width	27 mm
Overall height	154 mm
Overall width	40 mm
Stem	M8x40
Bearing type	thrust ball bearing 1 pc. and deep-groove ball bearing 1 pc.
Permissible load capacity	70 kg
Wheel weight	365 g (without brake) 440 g (with brake)

## ADVANTAGES

**TWO BALL BEARINGS:  
RADIAL AND THRUST**

**TPR RUBBERISED TREAD**

**LEAVES NO RESIDUE ON THE  
SURFACE**

**ROBUST HOUSING**

**LOAD CAPACITY 70 KG**

**WITH AND WITHOUT BRAKE**

APP No.	Product name	Size	Quantity
170551	NTools TPR Caster 100 - Swivel transport wheel, steel, without brake, rubberised, M8x40	d100x27 mm	1 pc.
170552	NTools TPR Caster B100 - Swivel transport wheel, steel, with brake, rubberised, M8x40	d100x27 mm	1 pc.
