APP Pre Fill Gas Spray

Pressurized packaging for filling

APP no. 210185, 210185B

APP Pre Fill Gas Spray is a pressure packaging for filling with lacquers containing organic thinners in quantities not exceeding 100 ml. Nozzle connector type - female.

Wide-angle rotary nozzle suitable for spreading a wide lacquer stream with the possibility of vertical or horizontal spraying, depending on the lacquered surface.

APP Pre Fill Gas Spray can be filled with any lacquer from our APP Modular Special Base color system! For more information, contact our Sales Representative.

ADVANTAGES

-  Package contains universal organic thinner.
-  Inert DME propellant.
-  Nozzle with excellent atomization.
-  Simple and economical application.
