

ACID FOAM

Acid Active Foam

Concentrated mildly acidic active foam for vehicle washing. Highly effective in removing contaminants, particularly organic contaminants, and user-safe due to mildly acidic pH. The product deeply penetrates and effectively softens grime to assist in the removal of limescale deposits and other atmospheric soiling. The foam formula extends the product's effect, further increasing its effectiveness. It is ideal for maintaining protective coatings by clearing clogged surface structures and restoring hydrophobic properties. Depending on the degree of dilution, the product can also be used for vehicle hand-washing and sprayed as a pre-wash.

1:10 - 1:20

1:20

1:50 - 1:200

ADVANTAGES:

- CONCENTRATED AND HIGHLY EFFICIENT
- IDEAL FOR MAINTAINING PROTECTIVE COATINGS
- IMPROVED CLEANING EFFECT THANKS TO ACIDIC pH
- PLEASANT CITRUS SCENT
- SAFE FOR ALL VEHICLE EXTERIOR SURFACES
- ALSO SUITABLE FOR USE AS A SHAMPOO OR PRE-WASH
