APP Wheel Brush

Cleaning brush for rims and narrow openings

APP Wheel Brush for cleaning wheel rims and narrow openings is a handy brush which can be used for quick and efficient cleaning of hard-to-access places.

The medium-hard bristles made of plastic are perfect for working with rims and hubcaps and narrow openings such as corners of grills, bumpers, railings, side mirrors, etc.

APP Wheel Brush is equipped with ergonomic, rigid, and additionally rubberized handle which ensures solid grip for the operator. It is also possible to hang the brush on a hook. The brush works with all preparations intended for cleaning rims, including acids.

TECHNICAL DATA:
