

CERAMIC QUICK DETAILER

Quick Detailer based on SiO₂

Silicon dioxide-based preservative formulation. Provides excellent water repellency, hinders adhesion of dirt making surfaces easier to clean and maintain. Prevents the formation of hard water spots. Enhances gloss and colour depth extending the life of paints. Can be applied on painted and plastic surfaces, and glass. Application of the product is very easy and there is no problem with lapping. Durability of obtained coatings is up to 6 months.

ADVANTAGES:

- EXCELLENT WATER REPELLENCY
- COAT DURABILITY UP TO 6 MONTHS
- INCREASES PAINT GLOSS
- ENHANCES COLOR DEPTH
- REDUCES THE RISK OF WATER SPOTS
- CAN BE APPLIED TO ALL EXTERIOR VEHICLE SURFACES
