

APP No. 250040, 250041

APP Liner - A set of round brushes made of high-quality bristles is a practical tool for workshops and car painters. The brushes are perfect for renovation, detailing, cleaning and applying anti-corrosion agents.

The high-quality bristles ensure high resistance to solvents and chemicals, while allowing for precise application of substances. The round shape of the head allows you to reach hard-to-reach places, and the wooden handle ensures a secure grip and comfortable work.

FEATURES:

HIGH-QUALITY BRISTLES

durable, resistant to workshop chemicals, ensures even distribution of materials

ROUND SHAPE

enables precise cleaning and application in hard-to-reach areas

WOODEN HANDLE

ergonomic, well-balanced, provides a secure grip

UNIVERSAL APPLICATION

ideal for painting, maintenance and detailing work

Sets:

APP No. 250040
