

APP TACK CLOTH WHITE

APP Dust absorption cloth

APP No. 250505

APP Tack Cloth is a cloth intended for cleaning surfaces from dust impurities. It is also ideal for removing dried basecoat dust during refinishing and in many industrial applications prior to spray painting.

It is made of impregnated, unbleached gauze coated with a binder.

Individually packed in plastic bags.

The cardboard packaging contains 10 cloths.

Method of use:

1. After removing the cloth from its packaging, fold it into a soft swab.
2. Gently wipe the surface without excessive force.
3. If reused, the cloth should be folded to use a clean surface.
4. Once completely contaminated, the cloth is not reusable.
