NTools MDW

Double-sided round hammer | hickory | nylon-rubber

NTools MDW - Precision sheet metal hammer weighing 135 g with two round strikers with spherically finished working surface. Two replacable tips of different hardness: nylon - hard and PU - soft. Designed for finishing work or for non-invasive repairs on paint finish. Solid hickory wood handle. Resonance-free wood of the handle works perfectly with the beaters when beating bulges. Durable zinc alloy shank.

ADVANTAGES

IDEAL WEIGHT – 135 g

RESONANCE-FREE WOOD HANDLE - HICKORY

TWO TIPS OF DIFFERENT HARDNESS

SPHERICAL WORKING TIPS
