

**APP Nr 388019**

**NTools AirTube** - An air blower is a practical pneumatic tool used in automotive painting and detailing. It allows for the quick and effective removal of water, dust, paint overspray, and other contaminants from vehicle surfaces and hard-to-reach areas. Thanks to its precision nozzle and ergonomic design, it ensures precise performance and user comfort. Reliable when preparing a car for painting, drying parts, and cleaning details.

**INCLUDED**

The NTools AirTube blow-out tool comes with a 1/4" EU (NPT) adapter that screws into the gun, allowing it to be connected to an air hose.

**ADVANTAGES**

+ REMOVING DUST AND DIRT IN PAINT SHOPS AND AUTO DETAILING

+ THE CONTACTLESS DESIGN REDUCES THE RISK OF SURFACE DAMAGE

+ FLOW CONTROL FUNCTION

+ ALLOWS CLEANING HARD -TO - REACH PLACES
