## APP BM991

### Waterproof abrasive paper

APP BM991 – brown waterproof abrasive paper for use in the automotive industry, renovation and where the highest quality of sanding surface is required. The 115 x 140 mm sheets are designed for wet hand sanding.

## ADVANTAGES

#### UNIFORM EMBANKMENT TYPE CLOSED COAT

- allows precise and even surface grinding.

#### SHARP SILICON CARBIDE GRAIN

- allows extremely efficient surface grinding.

#### SYNTHETIC RESIN BOND

- ensures flexibility and maximum protection from grain chipping.

#### VERY FLEXIBLE

- impregnated paper with a non-slip surface does not require any initial long-term soaking.

#### FINER SCRATCHES\*

- make polishing of the sanding surface easier.

#### ANTI-SLIP REVERSE

- results in a more secure grip.
