NTools WFM 30

Fabric filter bag for dust

NTools WFM 50 - Professional cloth filter bag for **NTools VC 30Eco** automatic electric switch-off dust extractor. Reusable sack made of non-woven polypropylene (PP) with capacity of **30 L**. The sack is sewn with textile thread and the seams recessed inside. At the top, it has a **52 mm** diameter inlet opening with a rubber seal set in a **93 mm x 93 mm** square plastic mount. The underside has an opening for emptying the dirt, secured by a sliding plastic clamp.

ADVANTAGES:

- 1 INLET OPENING WITH RUBBER SEAL**
Prevents dust from getting into the dust extraction tank,
- 2 TIGHT NONWOVEN POLYPROPYLENE (PP) MATERIAL**
has high tensile and tear strength, retains most of the dust and allows air to pass through, is flame retardant,
- 3 REUSABLE**
thanks to an opening for emptying the dirt, which is closed with a sliding clamping strip.
