7

Section 1. IDENTIFICATION OF THE SUBSTANCE/MIXTURE AND IDENTIFICATION OF THE COMPANY

1.1. Product identifier:

Trade name:

APP for AD - Soft Detailing Clay | Mild paint decontamination clay, white

APP for AD - Medium Detailing Clay | Medium-strength paint decontamination clay, grey

Product code: 080804, 080805

1.2. Relevant identified uses of the substance/mixture and uses advised against:

A malleable compound for cleaning smooth surfaces

Uses advised against: Other.

1.3. Details of the supplier of the safety data sheet:

APP Sp. z o. o.

10 Przemysłowa Street, 62 – 300 Września

Tel. +48 (061) 437 00 00

Fax: +48 (061) 437 91 37

Email: app@app.com.pl

Website: www.app.com.pl

Current safety data and technical information are available on the website.

Person responsible for the product: Product Management Department, dzp@app.com.pl

1.4. Emergency telephone number:

+48 (61) 437 00 00 (between 8.00 and 16.00)

Date of issue of the safety data sheet: 25 June 2026

Section 2. HAZARD IDENTIFICATION

2.1. Classification of the substance/mixture:

Classification in accordance with Table 3 of Annex VI to Regulation (EC) No 1272/2008 of the European Parliament and of the Council (GHS Regulation) and based on data provided by the manufacturer:

The mixture is not classified as hazardous.

2.2. Labelling elements:

Hazard statement:

-

GHS pictograms:

-

Hazard statements:

-

Precautionary statements:

-

2.3. Other hazards:

No information is available on whether the substance meets the PBT or vPvB criteria in accordance with Annex XIII of Regulation 1907/2006

(REACH). No studies have been carried out.

The product does not contain any substances included in the list established in accordance with Article 59(1) as having endocrine-disrupting properties, nor does it contain substances with properties that disrupt endocrine-disrupting properties in accordance with the criteria set out in Regulation 2017/2100/EU or Regulation 2018/605/EU at a concentration of 0.1% or more.

Section 3. COMPOSITION/INFORMATION ON INGREDIENTS

3.1. Substances:

Not applicable.

3.2. Mixtures:

The classification of the substances contained in the product is given in accordance with Table 3 of Annex VI to Regulation (EC) No 1272/2008 of the European Parliament and of the Council (the GHS Regulation) and on the basis of data provided by the manufacturer.

Name of hazardous substance	Concentration range	CAS number	Index number	EC number	Hazard symbols Hazard symbols
-----------------------------	---------------------	------------	--------------	-----------	----------------------------------

		SAFETY DATA SHEET			
		In accordance with Commission Regulation (EU) 2020/878			
Date of issue: 2026		25 June	APP for AD		2 website from 7
Carnauba wax	1–15%	8015-86-9	-	232-399-4	None
Calcium carbonate	40–70%	471-34-1	-	207-439-9	NDS – Section 8
Aluminium oxide	30–60%	1344-28-1	-	215-691-6	None
Polyisobutylene	25–35 %	9003-27-4	-	-	None

For the wording of the phrases used – see section 16.

Section 4. FIRST AID MEASURES

4.1. Description of first aid measures:

4.1.1 First aid guidelines according to relevant routes of exposure:

Show the Safety Data Sheet to the attending doctor. In the event of exposure to vapours and aerosols of the product, move the affected person to a well-ventilated area – seek medical assistance

a) respiratory tract: immediately move the affected person to a well-ventilated area; place the affected person in a semi-recumbent position, loosen their clothing, and ensure that there are no objects or secretions in their mouth that may obstruct breathing; if the affected person is not breathing – perform artificial respiration; seek medical assistance immediately.

b) skin: remove contaminated clothing; wash contaminated skin with plenty of soapy water; do not use any solvents or thinners to wash the skin; apply a moisturising cream to the cleansed skin; if skin irritation occurs – consult a doctor.

c) eyes: rinse the affected eyes, keeping the eyelids open, under a continuous stream of running water for 10–15 minutes; avoid a strong jet of water, which may pose a risk of corneal damage; if burning or irritation persists, consult a doctor; do not use any eye wash solutions or ointments before consulting a doctor; if the affected person is wearing contact lenses, remove them if possible; seek medical assistance if eye irritation occurs.

d) digestive tract: rinse the mouth with plenty of running water; do not induce vomiting; if the affected person is conscious, give them water to drink in small sips (approx. 0.2–0.3 l); do not give anything by mouth to an unconscious person; if the victim feels unwell, consult a doctor;

4.1.2. Other:

None.

4.2. Most important acute and delayed symptoms and effects of exposure:

None

4.3. Indications for any immediate medical attention and specific treatment of the affected person:

If a significant amount of the product has been ingested, consult a doctor.

Section 5. FIRE-FIGHTING MEASURES

5.1. Extinguishing media:

a) Recommended extinguishing media: Water spray, dry powder extinguishers, alcohol-resistant foam.

b) Extinguishing media not recommended: Avoid strong water jets, which may spread the fire.

5.2. Specific hazards arising from the substance/mixture:

Vapours of the product form flammable and explosive mixtures with air. Vapours may rise to the source ignition and return as a flame. Heating, a spark or contact with fire may cause ignition. Releases toxic gases in the event of a fire. Keep away from sources of ignition – do not smoke whilst spraying. Keep out of reach of children.

Without adequate ventilation, explosive mixtures may form explosive mixtures

5.3. Information for the fire service:

Wear self-contained breathing apparatus and suitable protective clothing.

Section 6. ACCIDENTAL RELEASE MEASURES

6.1. Personal precautions, protective equipment and emergency procedures:

SAFETY DATA SHEET
In accordance with Commission Regulation (EU) 2020/878

Date of issue: 25 June
2026

APP for AD

3 website from
7

6.1.1. For non-emergency personnel:

- when handling the material, wear protective clothing, protective gloves, safety goggles and a dust mask

6.1.2. For emergency responders:

- during clean-up, avoid the formation and inhalation of vapours and aerosols from the product
- wear well-fitting and tight-fitting safety goggles, protective gloves and protective clothing

6.2. Environmental precautions:

- in the event of a large-scale release into water or soil, notify the relevant emergency services

6.3. Methods and materials to prevent the spread of contamination and for decontamination:

6.3.1. Recommendations for preventing the spread of a spill:

- store and transport in leak-proof containers
- remove the product immediately
- prevent the product from entering watercourses or drainage systems
- rinse the area after removal of the product and any equipment that has come into contact with it with water

6.3.2. Recommendations for spill clean-up:

- Collect the product in sealable containers; reuse where possible
- Eliminate all possible sources of ignition; do not smoke

6.3.3. Other information:

None

6.4. References to other sections:

See the information in sections 8 and 13.

Section 7. HANDLING AND STORAGE OF THE MIXTURE

7.1. Precautions for safe handling:

7.1.1. General recommendations:

- avoid electrical and electrostatic discharges
- do not allow vapour concentrations of the product in the air to reach levels at which mixtures with air may be explosive, nor concentrations exceeding occupational exposure limits
- ensure easy access to fire-extinguishing agents and the equipment required for spill containment substance
- Follow general health and safety at work principles for handling chemicals and good industrial practice; strictly adhere to established procedures; when work with the product, apply the general health and safety at work regulations set out in the Regulation of the Minister of Labour and Social Policy of 30 December 2004 (Journal of Laws No. 11 of 2005, item 86); follow the recommendations contained in the instructions provided by the manufacturer
- avoid contact with the eyes, skin and clothing
- avoid prolonged and repeated exposure

7.1.2. Occupational hygiene guidelines:

- do not eat or drink whilst using the product
- do not smoke whilst working with the product
- Avoid the formation and inhalation of vapours from the product
- When working with the product, wear suitable work (protective) clothing and protective gloves (rubber or PVC)
- An eye-wash station must be available at the workstation
- Observe personal hygiene rules
- Do not eat, drink or smoke whilst working with the product, except in designated areas; wash your hands before breaks and after finishing work; apply hand cream if necessary
- Work in well-ventilated areas

7.2. Conditions for safe storage, including information on any incompatibilities incompatibilities:

- Store the product in cool, dry and well-ventilated areas
- Do not store near foodstuffs or animal feed
- packaging should be leak-proof and properly labelled
- for safety reasons, the product is best stored in its original packaging
- Protect the packaging from mechanical damage

7.3. Specific end uses:

None.

Section 8. EXPOSURE CONTROLS AND PERSONAL PROTECTIVE EQUIPMENT

8.1. Control parameters:

8.1.1. Maximum permissible concentrations in the workplace:

In accordance with the Regulation of the Minister of Family, Labour and Social Policy of 12 June 2018 on maximum permissible concentrations and intensities of factors harmful to health in the workplace (Journal of Laws 2018, item 1286)

Other non-toxic industrial dusts – including those containing less than 2% free (crystalline) silica

10 [mg/m³] – total dust;

Calcium carbonate: NDS: 10 mg/m³

SAFETY DATA SHEET
In accordance with Commission Regulation (EU) 2020/878

Date of issue: 25 June
2026

APP for AD

4 website from
7

8.1.2. Recommended monitoring procedures:

- PN-89/Z-01001/06. Air quality protection. Names, definitions and units. Terminology relating to air quality testing at workplaces.
- PN-89/Z-04008/07. Air quality protection. Sampling. Principles for air sampling in the workplace and interpretation of results.
- PN-Z-04294:2001. Air quality protection. Determination of calcium carbonate at workplaces using flame atomic absorption spectrometry.

8.1.3. Maximum permissible concentration in biological material (DSB):

None

8.1.4. DNEL and PNEC values:

No DNEL or PNEC values have been established for this substance.

8.2. Exposure control:

8.2.1. Appropriate technical control measures:

Medical examinations of employees and tests and measurements of harmful factors shall be carried out in accordance with the applicable regulations.

8.2.2. Personal protective equipment:

- a) Eye or face protection: in the event of frequent exposure, goggles or safety glasses that fit snugly against the face
- b) Skin protection: protective (work) clothing, protective gloves (nitrile rubber, material thickness 0.4 mm)
- c) Respiratory protection: adequate ventilation; in the event of frequent exposure, a mask with absorbent cartridge, multi-gas filter

Section 9. PHYSICAL AND CHEMICAL PROPERTIES

9.1. Information on basic physical and chemical properties:

Physical state

Solid, malleable

Colour

colour as stated on the label

Odour

None

Melting/freezing point

No data available

Boiling point or initial boiling point and boiling range

No data available

Flammability of materials

No data available

Lower and upper explosion limits

No data available

Flash point

No data available

Auto-ignition temperature

No data available

Decomposition temperature

No data available

pH

No data available

Kinematic viscosity

No data available

Solubility

No data available

n-octanol/water partition coefficient (log value)

No data available

Vapour pressure

No data available

Density or relative density

2.0 g/ml

Relative vapour density:

No data available

Molecular characteristics

Not applicable

9.2. Other information:

Information on physical hazard classes

No data available

Other safety properties
None

Section 10. STABILITY AND REACTIVITY

10.1. **Reactivity:**

The product is not reactive.

10.2. **Chemical stability:**

The product is chemically stable.

10.3. **Possibility of hazardous reactions:**

None known.

10.4. **Conditions to avoid:**

High temperatures. Ignition sources, heat sources, sources of sparks.

10.5. **Incompatible materials:**

None known.

10.6. **Hazardous decomposition products:**

- carbon oxides
- toxic gases and fumes

Section 11. TOXICOLOGICAL INFORMATION

11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

(a) Acute toxicity

No data available.

The mixture is not classified as hazardous in this category.

b) Skin corrosion/irritation

No data available.

The mixture is not classified as hazardous in this category.

c) Serious eye damage/eye irritation

No data available.

The mixture is not classified as hazardous in this category.

d) Respiratory or skin sensitisation

No data available.

The mixture is not classified as hazardous in this category.

e) Mutagenic effects

No data available.

The mixture is not classified as hazardous in this category.

f) Carcinogenicity

No data available.

The mixture is not classified as hazardous in this category.

g) Reproductive toxicity

No data available.

The mixture is not classified as hazardous in this category.

h) Specific target organ toxicity – single exposure

No data available.

The mixture is not classified as hazardous in this class.

(i) Target organ toxicity – repeated exposure

No data available.

The mixture is not classified as hazardous in this category.

j) Aspiration hazard:

No data available.

The mixture is not classified as hazardous in this category.

11.2. Information on other hazards

11.2.1. Endocrine-disrupting properties

The product does not contain any ingredients included in the list established in accordance with Article 59(1) as having endocrine-disrupting properties, nor does it contain ingredients with properties that disrupt endocrine-disrupting properties in accordance with the criteria set out in Regulation 2017/2100/EU or Regulation 2018/605/EU at a concentration of 0.1% or more.

11.2.2. Other information

None

Section 12. ECOLOGICAL INFORMATION

12.1. **Toxicity:**

The mixture is not classified as hazardous to the environment

SAFETY DATA SHEET
In accordance with Commission Regulation (EU) 2020/878

Date of issue: 25 June
2026

APP for AD

6 website from
7

Follow the instructions or the Safety Data Sheet.

12.2. Persistence and degradability:

The substance is biodegradable.

12.3. Bioaccumulative potential:

No data available.

12.4. Mobility:

No data available.

12.5. Results of the PBT and vPvB assessment:

None.

12.6. Endocrine-disrupting properties

None.

12.7. Other adverse effects:

None.

Section 13. WASTE MANAGEMENT

13.1. Waste disposal methods:

13.1.1. Product:

- waste type: Waste paints and varnishes containing organic solvents or other hazardous substances
- waste code: 08 01 11*
- hazardous waste

Where possible, recover and return to production. Do not dispose of with household waste. Do not discharge into the sewerage system. Do not allow contamination of surface water, groundwater or soil. Dispose of in accordance with current regulations relating to chemical waste. Dispose of only at designated sites, in facilities or equipment that meet statutory requirements.

13.1.2 Packaging:

- waste type: Metal packaging
 - waste code: 15 01 04
-

Section 14. TRANSPORT INFORMATION

LAND TRANSPORT:

- 14.1 UN number or ID number: not applicable
 - 14.2 UN proper shipping name: not applicable
 - 14.3 Transport hazard class: not applicable
 - 14.4 Packing group: not applicable
 - 14.5 Environmental hazards: not applicable
 - 14.6 Identification code: not applicable
 - 14.7 Transport in bulk by sea in accordance with IMO instruments: not applicable
-

Section 15. REGULATORY INFORMATION

15.1. Safety, health and environmental regulations specific to substances and mixtures:

1. Regulation (EC) No 1907/2006 of the European Parliament and of the Council of 18 December 2006 concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH), establishing a European Chemicals Agency, amending Directive 1999/45/EC and repealing Council Regulation (EEC) No 793/93 and Commission Regulation (EC) No 1488/94, as well as Council Directive 76/769/EEC and Commission Directives 91/155/EEC, 93/67/EEC, 93/105/EC and 2000/21/EC (30 December 2006, Official Journal of the European Union L 396, p. 1), as amended (9 October 2008, Official Journal of the European Union L 268, p. 14; 17 February 2009 Official Journal of the European Union L 46/3; 26 June 2009 Official Journal of the European Union L 164/7; 1 April 2010 Official Journal of the European Union L 86/7; 31 May 2010 Official Journal of the European Union L 133/1; 18 February; PL Official Journal of the European Union L44/2; 21 May 2011 PL Official Journal of the European Union L134/2), as subsequently amended.
2. Regulation (EC) No 1272/2008 of the European Parliament and of the Council of 16 December 2008 on the classification, labelling and packaging of substances and mixtures, amending and repealing Directives 67/548/EEC and 1999/45/EC, and amending Regulation (EC) No 1907/2006 (referred to as the GHS Regulation) (31 December 2008 EN Official Journal of the European Union L 353/1), as subsequently amended.
3. Act of 28 May 2020 amending the Act on Chemical Substances and their Mixtures and certain other Acts (Journal of Laws 2020, item 1337)
4. Regulation of the Minister of Family, Labour and Social Policy of 12 June 2018 on the maximum dopuszczal concentrations and intensities of factors harmful to health in the workplace (Journal of Laws 2018, item 1286)
5. Regulation of the Minister of Health of 2 February 2011 on tests and measurements of factors harmful to health in the workplace (Journal of Laws 2011, No. 33, item 166)

SAFETY DATA SHEET

6. Commission Regulation (EU) No 252/2011 of 15 March 2011 amending Annex I to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)
7. COMMISSION REGULATION (EU) No 253/2011 of 15 March 2011 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH) as regards Annex XIII
8. Regulation of the Minister for Development of 8 August 2016 on the limitation of emissions of volatile organic compounds contained in certain paints and varnishes intended for the painting of buildings and their finishing elements, fittings and structures associated with buildings and these elements, and in mixtures for the refurbishment of vehicles (Journal of Laws 2016, item 1353)
9. Regulation of the Minister for the Economy of 10 March 2014 amending the Regulation on specific requirements for aerosol products (Journal of Laws 2014, item 345)
10. COMMISSION REGULATION (EU) 2015/830 of 28 May 2015 amending Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH).
11. Commission Regulation (EU) 2020/878 of 18 June 2020 amending Annex II to Regulation (EC) No 1907/2006 of the European Parliament and of the Council concerning the Registration, Evaluation, Authorisation and Restriction of Chemicals (REACH)

15.2. Chemical safety assessment:

No data available.

Section 16. OTHER INFORMATION

Medical examinations of employees, as well as tests and measurements of harmful factors, shall be carried out in accordance with the applicable regulations.

The above information has been compiled on the basis of current knowledge and experience. However, it does not constitute a guarantee of the product's properties or quality specifications and cannot form the basis for a claim. The product should be transported, stored and used in accordance with applicable regulations and good working practices and hygiene.

The manufacturer accepts no liability for losses arising directly or indirectly from the application of the above interpretation of regulations or instructions.

The information provided does not apply to mixtures of the product with other substances. The use of the information provided, as well as the use of the product, is not controlled by the manufacturer; it is therefore the user's responsibility to ensure appropriate conditions for the safe handling of the product.
