Product name: APP M Active
APP No.: 220021, 220022, 220023

Product for cleaning motor vehicle bodies

Packaging: 1.0 L 5.0 L 10 L

Density 1.08 g/m³

pH: 14

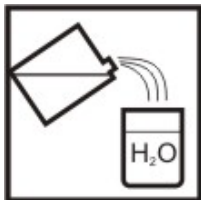

Colour: Straw-yellow

Odour: Characteristic

Applications for touch-free or manual washing of motor vehicles such as motorbikes, cars, vans, trucks, buses. It is excellent in removing typical traffic dirt thanks to the mixture of surfactants. It can be used in different concentrations which allows frequent washing of bodywork.

Instructions for use: can be used in spraying, dipping and washing.
Depending on the degree of contamination, dilute with water 1:4 to 1:60.
Do not allow to dry. Rinse with plenty of water.

1. For cleaning the engine compartment and tarpaulins, dilute 1:4 to 1:20
2. For cleaning bodywork, dilute with 1:20 to 1:50
3. For rim washing, dilute 1:5 to 1:10

The above information is in line with the current state of knowledge of our products and their possible applications. This does not guarantee specific properties or suitability for use under specific conditions. The notes and warnings on the product labels and on the safety data sheet should be adhered to. We assume no responsibility if the final result of the work was affected by factors beyond our control.
