Product name: INNER Cleaner

Directions for use:

Depending on the level of dirt, dilute the preparation with water in proportions ranging from 1:2 to 1:20. Apply using a sprayer, sponge, soft cloth, or washing equipment (1:20). Rub the dirt with a brush or sponge, clear it away using equipment for washing, or wipe the surface to dry by hand.

Constraints:

Never allow cleaned surface to dry with the preparation on it. Do not apply the substance on hot surfaces (above 40 °C).

Equipment cleaning:

Water.

Storage:

Store in original, closed containers in a dry and well-ventilated room. Protect against freezing.

Industrial safety regulations:

For professional use only.
See: information on product labels and/or in Hazardous Material Safety Data Sheet.
Users shall observe all industrial safety regulations applicable in their countries.

The above information complies with the current knowledge on our products and their possible applications. This guarantees no specific properties or usability in particular conditions. Users should observe guidelines and warnings provided on product labels and specified in material safety data sheets. We hold no responsibility if conditions beyond our control affect the final result of work.
