**Product name: Matt leather conditioner,
APP for AD Leather Conditioner Matt.
APP No.: 220947.**

Preparation for smooth leather care and maintenance. High-quality lanolin (cotton wax) based product for conditioning, impregnation and deep care of smooth leather. The agent refreshes the colour of leather leaving a matt finish on the surface. Increases scratch resistance of leather surface. Thanks to the deeply active natural substances, the leather becomes softer and more resistant to damage, slowing down the leather ageing process.

Packaging: 150 ml

Key ingredients: Water-soluble organic compounds

Colour: Milk white

Application: For the care and periodic conditioning of smooth leathers.

Properties: It nourishes, cares for and preserves smooth leathers leaving their surfaces with a matt finish. The scent of natural leather.

Benefits: Deeply nourishes smooth leathers. Creates a layer on the surface to increase scratch resistance. Impedes the uptake of dirt on surface of smooth leathers. Prolongs life, extends durability, makes leather more flexible. May be used as a preservative after application of APP for AD Leather Color.

Usage

Mixing ratio: Ready-to-use agent.

Surface preparation: The surface must be clean, dry before application.

Use method: Shake before use. Do not spray directly onto a surface to be conditioned. Saturate a soft applicator or microfibre cloth with the preparation. Spread evenly in a circular motion on a surface to be conditioned. Lap immediately using a second, clean and dry microfibre cloth. Continue lapping until the surface is as smooth as possible. The leather care product is very efficient and should be applied in thin layers.

Drying: The product makes it possible to use the conditioned surface after about 5 minutes.

Equipment cleaning: Running lukewarm water.
