## **Product Name: Dust Cloth APP SAS. APP No.: 250501, 250502.**

Dust absorption cloths purposed for cleaning of surface and removal of dust before paint spraying.

**Package:** Cloths sized 45cm x 90cm packed individually in plastic bags. Cardboard dispenser including 50 or 10 cloths.

**Basic Components:** Unbleached cotton impregnated gauze coated with binder.

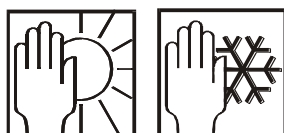

**Colour:** Dark yellow.

**Application:** Purposed to clean surfaces and remove dust and base coat dried dust before renovation painting or for other industrial applications before paint spraying.

**Substrate:** Surfaces free of dust and degreased with APP W900, APP W900 PLUS or APP WB900 Stripper. Dry base coat surface.

**Use** Upon removing from package, firstly fold the cloth appropriately. Gently wipe the surface without excessive force. When using the cloth again, fold it appropriately to use the clean part of cloth only. Do not reuse totally contaminated cloth.  
**Caution!** Use of excessive force may result in some remains visible on cleaned surface including binder and cotton fibres.

### **Storage:**

Store in closed, original containers, in dry and well ventilated spaces.

### **Occupational Safety:**

Product for professional use only.  
See: labels on containers and MSDS.  
User shall follow locally and regionally applicable industrial safety regulations.

The above information is based on currently available data and knowledge on the product and its use. The information does not purport to be a description of product in terms of its quality, suitability for use in some conditions, nor does it guarantee any particular features. User shall follow instructions provided on label and MSDS. Producer is not responsible for any consequences and work effects that were influenced with factors beyond his control.
