APP 1K –Kunststoff Primer Transparent- APP No. 020902

1-K Kunststoff Primer Transparent is a transparent, flexible and quick drying single component primer that increases adherence of primers and top coats to the substrate. It is purposed for use on plastic e.g. ABS, EMT, EP laminates, HP alloy, PA, PBTP, PC, POM, PP/EPDM, PPO, hard PUR, soft PUR and PCV. It features with very good adhesion to the substrate, high flexibility and easy use.

1-K Kunststoff Primer Transparent finds application as base ensuring adherence in case of renovation of head lamps before application of a transparent top coat.
