• Two -Sided Adhesive Tape

APP No. 040810-040814 / 040820-040824

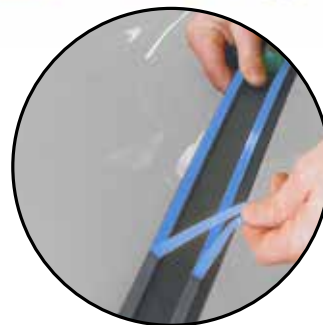

Foam two-sided adhesive tape is purposed for permanent bonding of different materials. Thanks to high elasticity it compensates any irregularities of bonded surfaces. It features with good mechanical strength, resistance to weather conditions and variable. temperature.

Features:

- Use on irregular surfaces
- Noise insulation
- Very good resistance to UV radiation
- Good resistance to moisture
- Thermal resistance from -20°C to 120°C.

Application:

- Fixing on elements not subjected to high load
- For interior and exterior use
- Sealant during assembly of spoilers
- Fixing of exterior profiles and garnish strips
- Fixing of marks and emblems
- Fixing of internal mirrors.
