

NTools 722 SG

Abrasive Belts

APP No. 06TSC0040, 06TSC0060, 06TSC0080,
06TSC0120

Endless abrasive belts (10 x 330 mm) that feature with ceramic abrasive material provided with elastic reinforced polyester backing. Purposed for metal coarse machining.

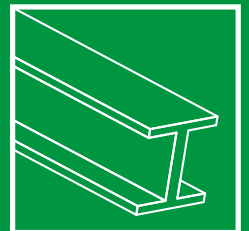

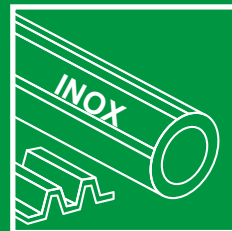

Available 4 abrasive grain sizes: P40, P60, P80, P120. Compatible with air driven band file (NTools PPT 139300N) and perfect for precise and finish grinding of hard-to-reach areas including curved and spherical surfaces, pipes, corners etc. It is an excellent solution for surface finishing works related to sharp edges, burrs, welds and other joints.

PRODUCT	NTOOLS 722 SG	APP 541 XF
GRAIN TYPE		
BACKING	ceramic	corundum
QUANTITY IN PACKAGE	polyester	cotton
WET GRINDING	10	5
COOLING	yes	no
EFFICIENCY	yes (prevents heating of surface)	no (risk of surface heating)
WORK SPEED	★★★★★	★★★★☆
AGGRESSIVENESS	★★★★★	★★★★☆
BOND TYPE		
	skewed (minimizes risk of tearing)	straight

USE:

- stainless steel,
- acid-resistant steel,
- tool steel and hardened steel,
- structural steel,
- aluminium,
- metals,
- wood.

Available 4 abrasive grain sizes:

P40

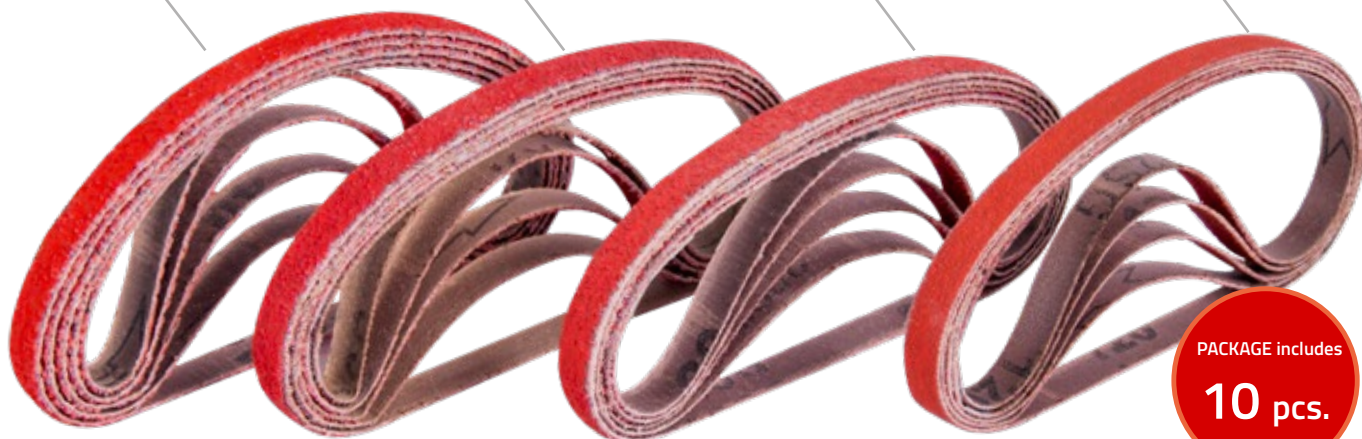

P60

P80

P120

PACKAGE includes

10 pcs.

ADVANTAGES

+	HIGH RESISTANCE TO TEARING WITH MAINTAINED ELASTICITY	+	VERY GOOD PERFORMANCE	+	STRONGLY SEATED CERAMIC ABRASIVE MATERIAL
+	HIGH EFFICIENCY	+	PREVENTS SURFACE HEATING	+	POSSIBLE DRY AND WET GRINDING
