• APP Standard Masking Tape

APP No. 070051-070055

Crepe paper based single-sided masking tape combined with natural rubber adhesive. The tape has been made from paper soaked with impregnate that protects against humidity.

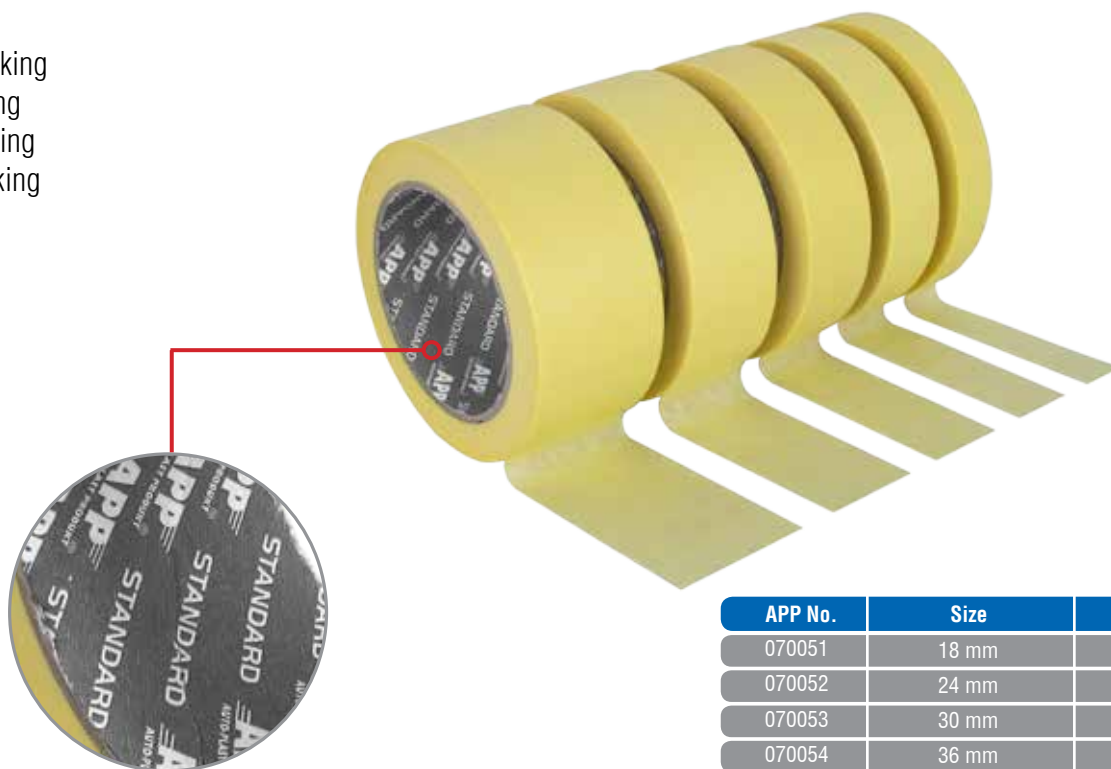

Purposed for masking of surfaces during top coating works at temperature up to 60°C.

Benefits:

- Easy and clean removal, no glue residue left
- Good adhesion tape to tape
- Resistance to organic solvents, top coats and paints
- Resistance to splintering that ensures easy removal
- Very good adhesion to masked surface
- Easy masking of edges, curvatures and surfaces

Use:

- Masking
- Fixing
- Sealing
- Packing
