

MicroMax NS Cool Suit

Painting Overall

APP No. 090590, 090591, 090592, 090593

Professional painting overall **MicroMax NS Cool Suit** made from very lightweight, strong, non-dusting and microcellular fabric. Provides maximum protection for human body against dusts and fluids.

Blue coloured patch on the back made from breathable **SMMS** fabric ensures comfort during delivery of works inside painting booth.

Features with 3-piece hood, inlet sleeves, 2-piece chock, elasticated hood, waist, wrists and ankles. Strong, inset seams provided with additional blue tape ensure tightness, as well as protection against dusts and fluids.

MicroMax NS Cool Suit is a perfect combination of two type materials:

WHITE
protecting against dusts and fluids, ensuring maximum protection (Type 5 and 6)

BLUE
breathable fabric that ensures total work comfort.

MicroMax NS Cool Suit

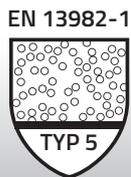

Painting Overall

Design:

1 Fabric coated with microcellular film (65 g/m²) non-dusting and not absorbing fluids - Offers efficient protection against dusts and fluids. Features with anti-static properties and may be used in explosive atmospheres.

4 Elasticated optimized cut and elasticated angle, wrist, waist and hood to ensure comfort and flexibility.

CE Conformity with health, safety, and environmental protection standards.

- EN 340:2003;
- EN ISO 13982-1:2004/A1:2010 (Type 5)
- EN 13034:2005 (Type 6)
- EN 1149-5:2008 Protection against electrostatic charge.
- EN 1073-2:2002 Protection against radioactive contamination.
- EN 14126:2003 Type PB(6)-B/PB(5) Protection against harmful biological agents

NOTE! COVERALLS COMPLY WITH EN 14126 STANDARD
