

• NTools Multi Stand PRO Multi-Purpose Swivel Stand for Painting Works

NTools Multi Stand PRO is a multi-purpose swivel stand for works related to car body painting. It is provided with adjustment that allows quick and stable fixing of elements purposed for painting.

With this stand you can easily adjust height and angle of elements purposed for painting. Positioning at desired angle allows precision and quick delivery of painting works.

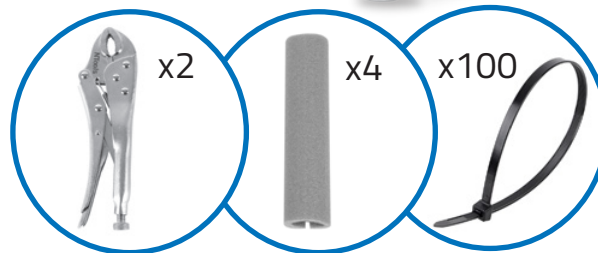

Advantages:

- Solid and light structure
- Multi-purpose use
- Easy operation

The stand has been designed mainly for works related to painting of bumpers, mudguards and small car body elements e.g.: mirror casing, spoilers etc..

Moreover **NTools Multi Stand PRO** stand ensures other functionality thanks to use of catches and clips offered by APP also that may be used to attach other car body elements e.g.: the door or bonnet.

The stand is delivered along with: the protective wrap (4 items), locking pliers (2 items) and fixing clips (a pack=100 items) used to attach parts and elements purposed for painting.

Benefits:

- Easy and quick assembly
- Time savings
- Big wheels that ensure mobility on uneven ground also.
