

NTools MS

Mobile Stand

APP Nr 170508

NTools MS

mobile all-purpose stand for works delivered in paint shops, body shops, garages, production buildings and woodworking shops.

It facilitates delivery of works where safe handling is required, as well as carriage of elements and parts exposed to damage.

ADVANTAGES:

COMPACT
AND PORTABLE

WIDE RANGE
OF USES

HIGH
MOBILITY

NTools MS is made from galvanized and powder coated steel profiles.

Design:

1
Span adjustment knobs
to stiffen the frame and ensure better stabilization.

Thanks to length adjustment you can carry elements and parts of different size:

- IV 1280 mm
- III 1180 mm
- II 1080 mm
- I 980 mm
- 880 mm

Arm height adjustment in range 880 - 1280 mm (100 mm interval).

2
Supports

Transverse beams are provided with rubber wrapping to prevent damage of carried parts and components.

3
Rubberized wheels
Big wheels with brake

4
Plastic plugs
To protect against sharp edges

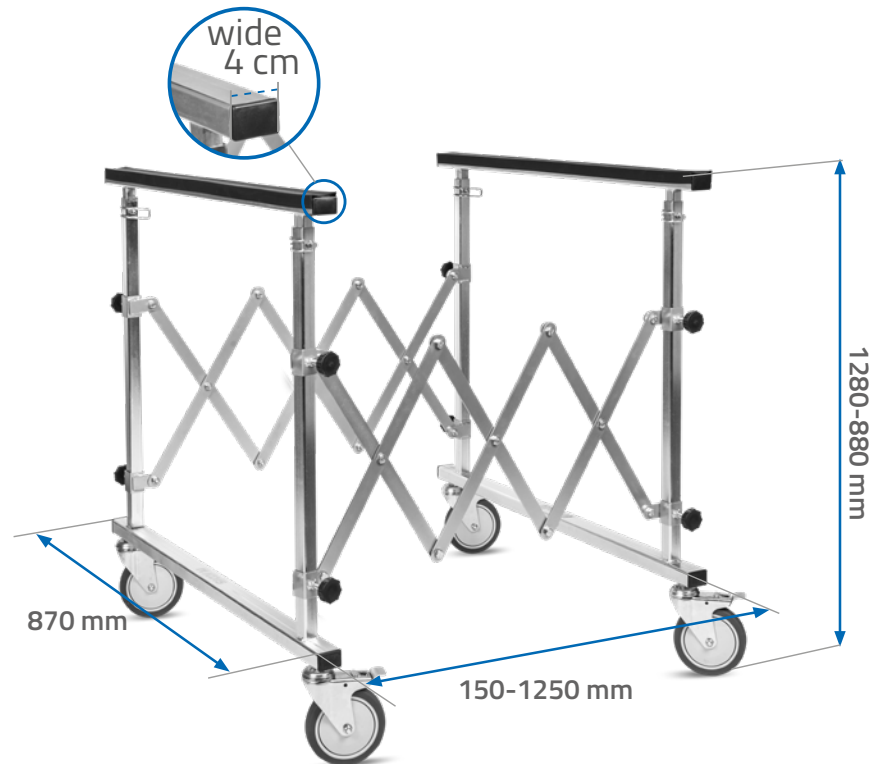

Technical Data:

Lenght	150-1250 mm
Width	870 mm
Height adjustment range	880 -1280 mm
Wheel dia.	100 mm (rubberized)
Weight	16,5 kg
Load capacity	120 kg

Thanks to high mobility you can manoeuvre the stand according to needs during works without moving the carried elements.

Folding structure makes storage and carriage very easy, also when available area is limited.

ADVANTAGES

SOLID AND COMPACT CONSTRUCTION
easy to carry.

MULTI-PURPOSE USE

EASY TO USE, HIGH MOBILITY
castors with brake.
