

APP DR SET / APP DR SET REFILL

Inclusion Removal Set / Set of sticks for removal of inclusions

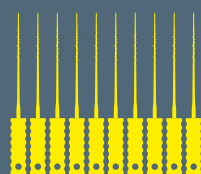

APP Nr 250025 *Handle + 10 sticks*

APP Nr 250026 *Set 10 sticks*

APP DR SET

including sticks for removal of inclusions from an applied top coat.

Set includes:

10 individually packed sticks

and aluminum adapter - a handle:

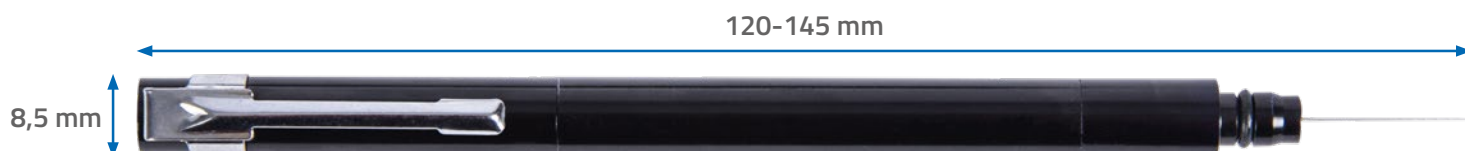

Sticks fixed in an adapter feature with tiny hooks that facilitate removal of top coat inclusions without any visible traces.

This manner of repair shortens polishing time or prevents polishing.

Set is delivered with the case provided with transparent top.

We offer also:

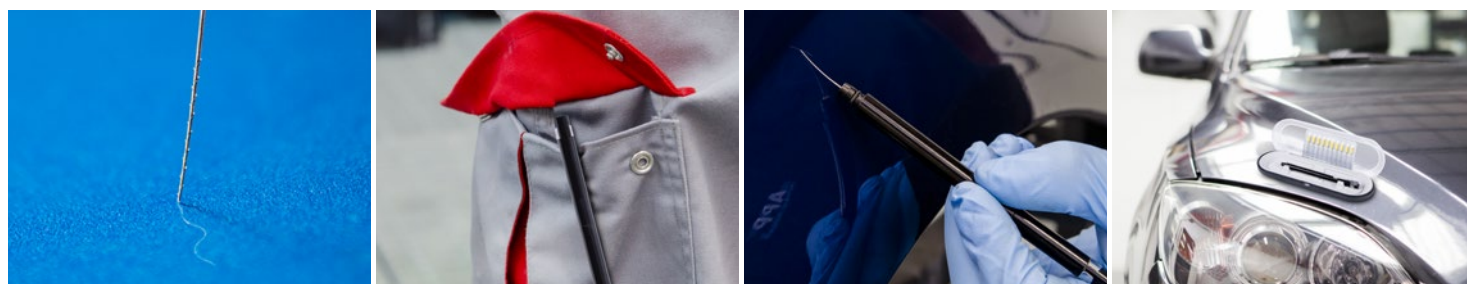

APP Nr 250026

APP DR SET REFILL
Set including 10 refill sticks
for removal of inclusions.

Case dimensions: 185x62x25 mm

Assembly of parts before work:

ADVANTGES

METAL CLIP

Facilitates work and placing an adapter in a pocket or overall etc.

QUICK TOP COAT REPAIRS

PORTABLE CASE

that protects an adapter and sticks.

PRECISION

Small size and fixed position of stick placed in adapter ensure quick and precise removal of inclusions.
