

# New !!!

## • Scraper for glazing + 100 blades

**APP No. 250110**

Stainless steel scraper with 100 easily replaceable blades. Scraper fitted with locking mechanism providing protection when working. Purposed for efficient removal of paint, putty, glue etc. and other contaminants from glazing and glass surfaces.

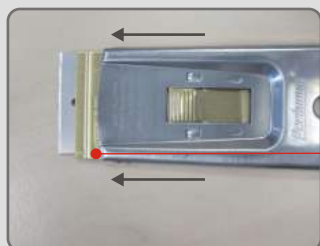

Scraper

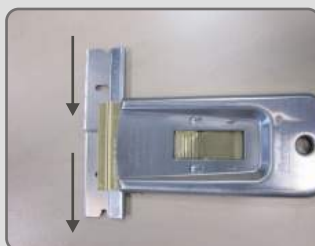

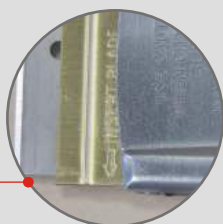

100 replaceable blades

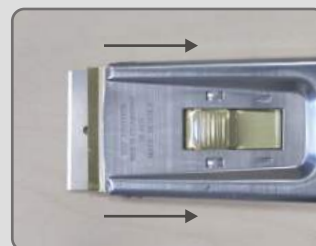

### Blade Exchange Procedure

Pull out the blade maximally so that "Insert blade" inscription was visible. It is possible to pull out the blade from one side only.

Put the blade inside from the opposite side of "Insert blade" inscription to pull out the worn blade at the same time

Move back the blade to lock the blade.

APP No.	Type	Packing
