

NTools Coin Floor Mat

Non-Slip Rubber Mat

APP No. 250325

NTools Coin Floor Mat

is an elastic rubber mat purposed for many uses. It offers resistance to abrasion, tearing and punching.

Moreover it offers anti-slip properties and noise absorption.

NTools Coin Floor Mat features with the smooth surface provided with coin-shaped pattern specially designed to prevent slippage and protect any falling objects against damage.

A specially designed bottom features with fabric related texture that improves bond strength in case of bonding.

Made from the mixture of: natural rubber (NR) and styrene-butadiene rubber (SBR).

**RESISTANCE TO
water, oils and greases**

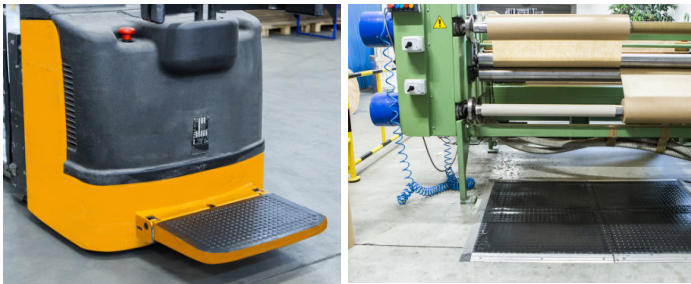

NTools Coin Floor Mat

Non-Slip Rubber Mat

NTools

NTools Coin Floor Mat

offers high tensile strength and resistance to tearing, as well as high elasticity demonstrated at low temperatures also. Moreover it features with high resistance to abrasion, as well as organic and inorganic acids, bases, alcohols, etc.

No. APP 250325 TECHNICAL DATA

Use:	Indoor/Outdoor
Material:	SBR / NR
Thickness:	3 mm
Roll width:	120 cm
Max. length:	25 m
Thermal resistance:	-15°C to +75°C,
Hardness:	65 +/-5° ShA,
Max. density:	1,4-1,5 g/cm ³ ,
Coin height:	0,7 mm +/- 0,3 mm
Coin diameter:	24 mm
