

• APP Mixing Cup Pro Cups for mixing paints and varnishes

APP Mixing Cup Pro is a disposable cup for mixing paints and varnishes. It is made of flexible and durable plastic (PP), resistant to chemical compounds used in renovation and industrial varnishes. Precise scales allow you to obtain the desired amount of product ready for spraying and to keep proper mixing ratios. The scales are legible on the inside of the cup. A scaled additive in the form of 10 or 20% thinner is provided to control the spray viscosity of the mixture.

The advantages of cups:

1. Flexible and durable material (PP).
2. Tight cover.
3. Overprint on the outside of the cup.
4. Legible scales on the inside of the cup.
5. Mixing Ratio: 2: 1, 3: 1, 4: 1, 5: 1, 6: 1, 7: 1.
6. Thinner as an additive: 10%, 20%.
7. Volume scales with graduation every 50 ml.
8. „EASY OPEN” system.
9. Reinforced edges and bottom of the cup increasing its stiffness.
10. Stable base.

Item	Index	Name	Volume/Scale	Amount in a sleeve	Amount in a box
1	250711	APP Mixing Cup Pro - Cup for mixing paints and varnishes	385/300ml	25 pcs	8 pack
2	250712	APP Mixing Cup Pro - Cup for mixing paints and varnishes	750/600ml	25 pcs	8 pack
3	250713	APP Mixing Cup Pro - Cup for mixing paints and varnishes	1400/1100ml	25 pcs	8 pack
4	250714	APP Mixing Cup Pro - Cup for mixing paints and varnishes	2300/1900ml	25 pcs	4 pack
5	250811	APP Mixing Cup Pro - Cover of the cup for mixing paints and varnishes	385/300ml	50 pcs	4 pack
6	250812	APP Mixing Cup Pro - Cover of the cup for mixing paints and varnishes	750/600ml	50 pcs	4 pack
7	250813	APP Mixing Cup Pro - Cover of the cup for mixing paints and varnishes	1400/1100ml	50 pcs	4 pack
8	250814	APP Mixing Cup Pro - Cover of the cup for mixing paints and varnishes	2300/1900ml	50 pcs	4 pack
