

• **NTools WR**  
2in1 reflexive insert for a shadow casting lamp

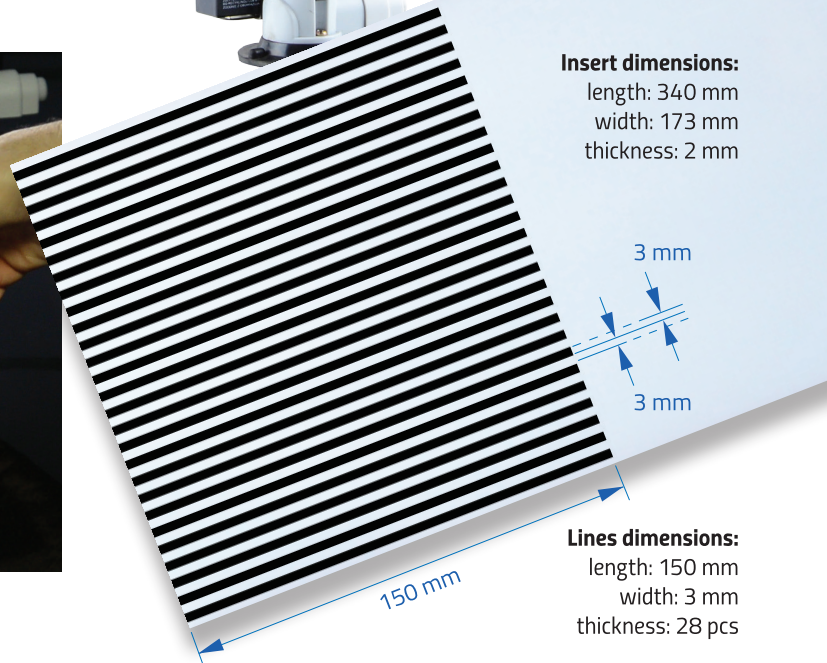

The reflexive insert is intended as a replacement element for the NTools PDR A12 shadow casting lamp (APP no. 351881).

The NTools WR insert is divided into two sections –the line and smooth section. The first - "line" – section is intended for work on a bodywork element providing horizontal lines (depending on the lamp's positioning). The second - ,smooth" - section provides shading of the damaged location.

**The NTools WR reflexive insert facilitates interpretation of a defect's shape, making it possible to make decisions regarding the further direction of leveling unevenness.**

The NTools PDR A12 lamp with the NTools WR insert at work with the repaired bodywork fragment.

**Insert dimensions:**  
length: 340 mm  
width: 173 mm  
thickness: 2 mm

**Lines dimensions:**  
length: 150 mm  
width: 3 mm  
thickness: 28 pcs
