

APP No. 388015

NTools PDP 4 - Air Blow Gun with Venturi Nozzle

A professional blowing gun made of special plastic (P.O.M), which is characterized by high hardness and low abrasion making the gun more wear-resistant.

Guns made of this material do not dissolve and do not swell in all solvents, fuels and mineral oils.

The blowing gun with a Venturi nozzle, through the use of a special nozzle, is designed to blow off the element just before painting, giving a much larger area of blown air.

The gun can also be used for point blowing - unscrew the front venturi nozzle.

DANE TECHNICZNE:

Body	POLIACETAL (P.O.M.)
Nozzle material	Aluminum + plastic
Recommended operating pressure	6-8 bar
Max. operating pressure	15 bar
Air consumption (at operating pressure 6 bar)	454 L/min
Noise	85 dBA
Air adapter	Thread 1/4" (included in set)

ROBUST BODY

made from specially designed plastic (P.O.M) resistant to shocks and abrasion

DYSZA VENTURIEGO

3x increases air flow

PROGRESSIVE TRIGGER

Ensures air flow control depending on pressure applied

CAUTION:

Set includes an air adapter (outer thread 1/4") compatible with all standard quick-fit couplings.

COMPATIBLE WITH QUICK-FIT COUPLING:

1. APP SZP 2 (APP No. 389208)
2. APP SZP 4 (APP No. 389204)
3. APP SZP 5 (APP No. 389031)
4. APP SZP 6 (APP No. 389201)

COMPATIBLE WITH PNEUMATIC HOSE:

1. NTools AH 10 (APP No. 389033)
2. NTools AH 15 (APP No. 389034)
3. APP AP 1 (APP No. 389030)
