

# NTools MANO 10

Air regulator with pressure gauge

APP No. 389295

Compressed air throttle regulator with a small-size mechanical dial gauge for setting the working pressure value of the spray gun. A transparent glass cover protects the colourful and easy-to-read operating dial. The shape of the gun port allows the pressure gauge to be attached to the gun without additional tools, while wearing protective gloves.

Specifications.

- Nominal size of the gauge is 32 mm.
- The gauge has a measuring range of 10 bar.
- Max. continuous operating pressure of 7.5 bar.
- Scale markers every 0.5 bar.
- Stepless pressure adjustment depending on flow – YES.
- Gauge body – aluminium.
- Regulator body – aluminium.
- The spray gun connection features a 1/4" F-BSP female cylindrical thread.
- The quick coupling plug connection features a 1/4" M-BSP male cylindrical thread.
- Weight of 114.

**ATTENTION!!!**

Do not immerse in solvent!

Do not place in automatic spray gun washers!
