• **NTools WOP 5**  
2-in-1 Hose for pneumatic dust extraction systems, d29/35mm, 5m long + zipped bag

Hose 2-in-1 with pneumatics, 5m long, 29mm inner dia. and 35mm outer dia., purposed for use with dust extractions systems NTools VC 50EP and Rupes S130PL, S145EPL, KS260EPNS, S235EP.

Hose is provided with integrated air tube along with quick fit coupling and plug as well as rubber ends for plugging to pneumatic extraction systems.

**TECHNICAL DATA:**

Material: plastic

Length: 5m

Hose outer/inner diameter: 29mm/35mm

Air tube outer/inner diameter: 7.5mm/10mm

Quick fit coupling: series 26 DN7.2

Quick fit coupling plug: series 26 DN7.2

Air tube max. operating pressure: 20bar

• **NTools WOE 5**  
Hose for electric dust extraction systems, d29/35mm, 4,5m long + zipped bag

NTools WOE 5 is 5m long hose of 29mm inner dia. and 35mm outer dia., purposed for use with electric dust extractions systems NTools VC 50E and Rupes S130L, S145EL, KS260EN, S235E.

Hose is provided with rubber ends for plugging to grinders and other tools adapted to extraction systems.

**TECHNICAL DATA:**

Material: plastic

Length: 4,5m

Hose outer/inner diameter: 29mm/35mm
